Re: MB Docket No. 04-233

Dear Ms. Dortch:

This letter is intended to inform the FCC about WTVF-TV/NewsChannel 5's commitment to serving our local community. In addition to the many local news and information programs produced each week and broadcast over WTVF-TV, the station excels in providing emergency and public service information, participating in community outreach and funding, and producing high-quality local content for NewsChannel 5+, a 24-hour-a-day all-news channel distributed over cable and free-over-the-air via our digital channel WTVF-DT 56. NewsChannel 5 is proud of its long commitment to the Nashville and Middle Tennessee community, celebrating its 50<sup>th</sup> year of service this year. A brief overview of the station's many initiatives is outlined below. This is not intended to serve as a comprehensive list of our localism efforts, but is meant to provide you with a top level view of our commitment to serving our local viewers.

**Local News.** NewsChannel 5 produces 43.5 hours of local programming each week, including a daily, one-hour local talk and entertainment show, in its twentieth year in 2004, and a weekly half-hour sports re-cap program focusing on local teams and relevant national highlights. The station's commitment to providing local programming is demonstrated by the fact that 69 percent of the station's personnel resources are directly involved with gathering, reporting, and producing local news and information for WTVF-TV, NewsChannel 5+, and the station's web site, NewsChannel5.com, the number-two local news site in the market.

NewsChannel 5's news programs have been nationally recognized for excellence in journalism, particularly its investigative arm that focuses on government abuse, higher education, and consumer rights. Numerous awards, including the Murrow, the Peabody, the IRE, and a national Emmy have been earned by WTVF in recent years. Weekly segments entitled, "School Patrol" keep viewers informed about issues in education. Monthly, the station produces a news feature called, "Changing Face of Nashville," to examine the diverse communities that co-exist in Middle Tennessee. Another important area of focus is the military community stationed within the viewing area at Fort Campbell, Kentucky. Significant station resources are invested in covering this community, both locally and around the world. NewsChannel 5 positioned news teams

with troops in the recent actions in Afghanistan and Iraq, using the best technology available to ensure viewers received the finest, most timely coverage in the market. The station's local talk show, *Talk of the Town*, routinely features local doctors, judges, artists, musicians, and representatives from community organizations of interest to daytime viewers. The program also provides local events calendars, as well as tours of community facilities. Additionally, NewsChannel 5 has developed a partnership with Telefutura's local Spanish-language channel to produce daily news briefs in Spanish to serve the area's growing Latino population.

**Emergency Programming.** NewsChannel 5 is the leading station in the market with severe weather coverage, having invested significant resources in weather forecasting and storm tracking technology. Emergency school closings are also an important part of the station's community service efforts. In 2004, the station expanded its live news coverage capability to better serve the expansive viewing area, particularly in the outlying, rural areas, and is the station viewers rely on most for breaking news. NewsChannel 5 is a participating station with EAS and provides AMBER Alerts as part of that program. Finally, the station has worked with the local Crime Stoppers organization since 1995 to provide public service segments during news programs informing viewers about crimes and requesting their help in solving them. Crime Stoppers recognized NewsChannel 5 this year because \$400,000 in rewards has been given to viewers for information provided in response to the news segments.

WTVF provides complete closed captioning for every local newscast to better serve the hearing impaired community. The service includes the ability to caption all emergency broadcasts including severe weather coverage and breaking news. The line costs of this endeavor are substantial, however the company feels the service to the community is essential.

**Political Broadcasting.** NewsChannel 5 provides in-depth coverage of political races affecting Middle Tennessee, including extended coverage of election returns with local political analysts. The station has provided free air-time for major races in the past and hosted two debates for the gubernatorial and U.S. Senate elections in 2002. In producing debates, NewsChannel 5 has partnered with other leading entities within the community, including *The Tennessean*, Vanderbilt University, and the League for Women Voters. News programs routinely focus on activities of the state legislature when it is in session. The station carried extensive live coverage of the highly contentious state income tax debate, including lawmakers' deliberations and public protests and demonstrations. NewsChannel 5, along with its second channel and web site, provides coverage of the court system, including gavel-to-gavel coverage of high-profile trials, and reporting on issues surrounding capital punishment that was reinstated by Tennessee in recent years.

**NewsChannel 5+.** In its sixth year of operation, NewsChannel 5+ is available free over the air via the station's digital channel and via cable in 516,000 homes in Tennessee and Kentucky. In addition to providing encore presentations of local news aired on WTVF, NewsChannel 5+ produces 18 hours per week of local niche

programming focusing on issues important to the community. The channel also enables NewsChannel 5 to provide extended coverage of significant local news events, including local political campaigns and elections, trials, political addresses, school news, marathons, and important facilities openings, like the new Country Music Hall of Fame.

Regular programs feature public officials, educators, and activists from all sectors of the community who provide information relevant to viewers. The channel partners with several key organizations in the community to produce content for its programs, including the main daily newspaper, *The Tennessean*, the Better Business Bureau, Saint Thomas Hospital, the local business publication, *The Nashville Business Journal*, and the Nashville Songwriters Association International. Programs also provide an important forum for viewers interaction. Every Monday through Friday, three hours of programs have call-in formats that allow viewers to interface directly with the station and news makers on current issues.

In public affairs coverage, NewsChannel 5+ produces a weekly program, *Inside this Week*, that is hosted by the station's senior anchor and recaps important events and issues including government, political analysis, taxes, and public health. The program frequently airs on WTVF as well at 6:30 p.m. The channel provides monthly programs with the mayors of Nashville and Murfreesboro, and has Nashville's Director of Schools as a frequent guest. Other weekly programs focus on specific niche audiences, including those interested in African-American issues, local business, medical news, regional news, consumer affairs, sporting activities like hunting and fishing, and local college sports. Finally, NewsChannel 5+ partners with Nashville-based, nationally-syndicated talk radio personality, Dave Ramsey to provide 10 hours per week of financial advice and information.

**Community Outreach Initiatives.** In addition to its community contacts developed through gathering news, producing its talk show, and interacting with viewers and guests during NewsChannel 5+ programs, NewsChannel 5 regularly holds programs designed to keep it abreast of significant issues facing sectors of our community. The station regularly hosts luncheons for community leaders and officials from surrounding counties in the metropolitan area. These meetings help the station remain informed about concerns facing constituencies throughout the viewing area. To date, the station has heard from representatives of seven of these key counties. In addition, the station hosts a monthly diversity forum featuring a representative from various communities within the viewing area, such as immigrants, refugees, Latinos, African-Americans, Kurds, and Gays and Lesbians. Station leadership and key on-air personalities participate in community education programs and service organizations to continue learning about issues and institutions in the area, and to remain actively and personally involved with efforts to strengthen our community. Station leadership are involved with Rotary Club and various non-profit boards including, several area local hospitals, The Community Foundation of Middle Tennessee, the BBB, local and regional Leadership Organizations, Junior League, Junior Achievement, Homework Hotline, the YMCA, the YWCA and numerous other entities of importance in our viewing area. Finally, the station receives

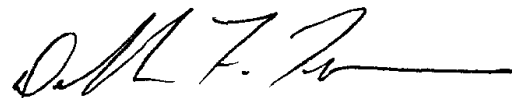

extensive feedback from viewers via its web site and through viewer calls taken by Newsroom personnel and station management

***Community Service and Funding Grants.*** NewsChannel 5 has a record of community involvement with key organizations in fundraising, public service broadcasting, and providing financial support. For example, during the last three years, the station has donated more than \$325,000 in actual monetary support to worthy organizations that serve members of the local community, including United Way and organizations that support education, senior citizens, literacy, women issues, health issues, and African-Americans, as well as other groups in need. For the coming year, NewsChannel 5 has pledged a 2-1 matching gift of up to \$250,000 to Vanderbilt Children's Hospital to expand its Jo's Reach Out and Read Program to serve at-risk children in Middle Tennessee. The program will also be able to collaborate with the Governor's statewide literacy initiative to provide books to every child in the state. NewsChannel 5 will produce and air a public service announcement on the program and fundraising campaign, and will promote the program in newscasts, its local talk show, and on NewsChannel 5+ and the web site.

In other initiatives, NewsChannel 5 has produced the Children's Miracle Network Telethon benefiting Vanderbilt Children's Hospital for more than 20 years. The latest telethon raised \$1.14 million for the brand new state-of-the-art facility, the opening of which was featured extensively in a special broadcast of the 5:00 p.m. news. Another important partnership was strengthened following 9/11/01. Out of that tragedy, the Nashville Area Red Cross launched a three-year program on disaster preparedness called, Together We Prepare. NewsChannel 5 is the media partner for that important initiative, providing public service segments on its newscasts, talk show, and programs on NewsChannel 5+. The station is currently producing its fifth *An Evening of Stars* telethon for the United Negro College Fund that will air on NewsChannel 5+. Throughout the year, the station sponsors blood drives and programs providing CPR education, provides a team of volunteers for a community service project, and has participated with the American Heart Association Heart Walk. Every year the station supports Toys for Tots with the U.S. Marine Corps Reserves, and Sober Ride with the Davidson County Sheriff's Department, providing the public information on these important initiatives. The station is particularly proud of its long-term support of Homework Hotline which provides homework assistance to area students.

WTVF takes seriously its commitment to this community. Thank you for taking time to review NewsChannel 5's efforts to serve our viewers.

Sincerely,

Deborah F. Turner  
President and General Manager

FCC - MAILROOM

To the FCC regarding the Commissions localism concerns...MB Docket number 04-233.

As General Manager for WKLH, WLZR, WJMR, WFMR and WJYI in Milwaukee, Wisconsin, I have always taken our responsibility to community activity very seriously...for all twenty-three years as operator and guardian of the airwaves that the FCC has entrusted in my direction. It's not simply because I've been a life long resident of Milwaukee, but have a genuine interest in returning to the community the many positive opportunities we have enjoyed as broadcasters.

Our connection to our community is obvious and the goodwill that we impart is a reflection of our gratitude as broadcasters.

The local news, traffic, weather conditions and break in news updates are a fabric of our daily broadcast. We are active participants in the Amber Alert program for the Wisconsin area as well as the mandated EAS program. We also highlight local musical talent each week on our "Local Licks" show on WLZR and on WKLH we invite someone in our community to host the "Hey Mom, I'm on 'KLH" feature one hour each week.

Besides the weekly response to the issues of our community with a weekly Public Affairs program addressing the community needs and interest, we have provided public service that virtually catalogs as an "all star" list of wonderfully responsive events that cares for Milwaukee:

- ◆ Dave & Carole's Miracle Marathon for Children's Hospital – During this 60-hour marathon broadcast, WKLH's morning show raises money for Children's Hospital by reaching out into the community. This is done by interviews with patients and their families, doctors, surgeons, specialists, nurses, etc. The three-day event raised over \$1.4 million for the hospital in 2004, bringing our total to \$5.7 million over the last seven years. An unbelievable local contribution by any standards.
- ◆ Summerfest, WKLH, WLZR and WJMR - Can be seen during the "world's greatest music festival" at Summerfest. The annual event brings over 500 artists together for 11 days of music, food and fun. Fourteen hours of live broadcasts each day from the lakefront have the station and staff coming face-to-face with the community.
- ◆ Christmas is for Kids – What started out as an on-air conversation between WKLH's Dave & Carole over 18 years ago has grown into the largest holiday event for Milwaukee's needy kids. Christmas is for Kids provides the kids and their families a warm holiday meal, visit and picture with Santa, and a large bag of toys. All resources, volunteers, food and food prep, and the funds to buy the toys are made possible by donations from the listening community.
- ◆ Fairway To Heaven – This golf outing provides participants the opportunity to play at a championship golf course with area celebrities for unique prizes. It results in fund raising for Children's Hospital. The outing generates funds for our Miracle Marathon and has averaged \$22,000 for the hospital over the last few years.

No. of Copies rec'd  
List ABOVE

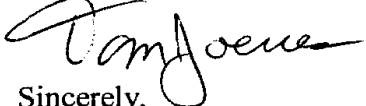

0

- ◆ Primetime At The Pabst – The WKLH morning show took its act to the stage at the historic Pabst Theater for two sold-out shows featuring improv, music, comedy, and lots of unscripted fun. The variety-type event showcased the talents of the primary cast members of the show and had listeners meeting them at pre-show receptions. The event helped raise over \$24,000 for our Christmas is for Kids party.
- ◆ On WJMR a portion of the proceeds to our woman's interactive conference, The Gathering, went to the Journey House. The Journey House is a community infrastructure that increases education, reduces unemployment and crime, strengthens families, and revitalizes neighborhoods since 1969.
- ◆ One Juneteenth Day, WJMR booked all musical acts and hosted the main stage for Milwaukee's celebration. We also provided free on-air promotion and sat on two committees in the planning of the event.
- ◆ Relay For Life (Breast Cancer) and at America's Walk For Diabetes, WJMR was the media sponsor and host for both events, donating on-air promotion and sound equipment.
- ◆ Color Outside The Lines Concert at the Martin Luther King Center Back To School Festival – We held a concert featuring two local musical acts. All proceeds at the door went to benefit the King Center Back To School Festival. The festival gives school supplies to disadvantaged children, and is run completely on donation.
- ◆ Take A Loved One To The Doctor Day – We provided free on-air promotion and did three events at doctors' offices in local urban areas to promote the day.
- ◆ Throughout the Christmas season, we accept "wishes" from our listeners and "grant" as many as we can. Last year, we granted wishes for a vacation to the Bahamas, rent, washer/dryer sets, a living room set, a bedroom set, stoves, a television/VCR, a pair of Anita Baker tickets, lots of gift cards for clothing, lots of toys for the kids and a lot more!

In Milwaukee we take pride in our locality and our commitment to our community very seriously. In utilizing the WLZR airwaves over the years we have also raised over \$900,000 for the Leukemia and Lymphoma Society, donated more than 250 tons of food to the local Hunger Task Force chapter and given \$150,000 to support the Milwaukee Athletes Children's Cancer fund.

This is just a sample of what we do for our community – we listen and continue to service Milwaukee's needs everyday we broadcast, not just when it's convenient.

Please take our commitment and these associated comments (notice the rampant use of the word LOCAL in these comments) seriously.

Sincerely,

Tom Joerres

To Whom It May Concern,

I listen to K-Love Christian Radio Station 91.1 Denver, because it is the only radio station that has wholesome music, the whole family can listen to. My thirteen year old son will only listen to that station and that pleases me. It not only serves him spiritually but it has no negative messages, and it is pro-family teaching important moral values. It is very important to me that K-Love stay on the radio, so that both my son and I are served spiritually.

There are people in the local community who, if K-Love were to be displaced by an SPM broadcaster, would not receive spiritual guidance during times of need. They would miss the opportunity to reach for help and many are in despair. In July of this year 5,620 ~~people~~ who listened to K-Love for help accepted Jesus Christ as their Savior that is over 25 people a day.

I believe that the service provided by K-Love is in the best interest of the public because it gives people in despair hope and the needed spiritual help. There would be a void without K-Love on the radio and a lot of people who would be without a place to turn to.

FCC MAIL ROOM

To Whom It May Concern:

I have just learned of the consideration the FCC is making with the LPFM. I have found that my local station that airs K-LOVE (106.7) is in danger of being taken off the air if this issue is resolved in favor of removing these stations.

Please do not remove these local stations that are a part of the LPFM. I have found this particular station to be a positive and encouraging to many friends and myself. This station promotes the principles and values that once made this country a nation to be admired. With all the negative things coming across the airways why would you want to remove this positive influence?

Again, I ask that you not remove these stations, also due to the fact that for many shut-ins this is the only access they have to church worship on Sunday. This is a lifeline to many of these individuals.

Thank you for your attention to this matter.

Sincerely,

Paula Boswell

Dear FCC,

Please do not move KLOVE to an Am location. I hear it also in the background at some of our stores. I'm afraid if it is moved to an obscure Am location it will be lost to a lot of us. Here in Wyoming a lot of Am channels are difficult to receive due to the lay of the land. Please do not take this gift from us. We have plenty of country + rock channels but very few uplifting Christian channels.

Please think about it.

FCC  
445 12<sup>th</sup> Street SW  
MB Docket No. 04-233  
Washington, DC 20554

Dear FCC Representative:

Recently I learned about plans by the FCC to transmit a broadcast service called Low Power FM, which is in the process of being expanded. If this were to take place, the service would take priority over the current FM translator service and force off the air a number of stations including my favorite, AIR 1.

This saddens me a great deal because AIR 1, aside from being a wonderful Rock "N" Roll music provider promotes positive information through the lyrics of the rock music they play. Our young teenage community loves the music AIR 1 offers along with the positive comments they periodically provide to uplift, and encourage. Those of us who grew up listening to rock and roll, well, we greatly appreciate it as well.

I urge you to please observe that a more positive influence promotes healthy well rounded caring individuals who make up our communities and thus a great country like ours. Our youth is America's future. Help us, to help them and ourselves, to be truly free and happy.

Even today, AIR 1, has difficulty coming in clear in some of our areas, and this is very frustrating to myself and individuals who I know listen to this station. If this radio station were to be eliminated by the LPFM, than this would be very unfortunate and to be honest with you, I would just cry.

Please consider us, our youth and the great impact it has on our communities and how they feel, or how they treat each other through the positive messages in this music.

America is made up of caring individuals, please help us and help others through the great Rock "N" Roll this outstanding radio station provides for ourselves, our children and a proud America.

Sincerely yours

Yolanda Velasquez

Dear FCC,

I am writing to  
you to ask you not to change 100.7 FM  
K-Love to a LPFM Station because  
So many people would then lose  
K-Love. K-Love IS a wonderful  
radio station that serves as  
a resident in my community. I  
have 2 children (girls) ages 6 and  
4 and when I have K-Love on I  
never have to worry about turning  
the station in fear that they would  
say or play something that I didn't  
want my children to hear, and I  
am only one voice but I know I  
speak for my people and parents  
that feel that way to K-Love

always has a wonderful message about God, Jesus, morals, and they are a great outreach to people in need of prayer. This country was founded on God, Christianity and freedom of religion however it seems as time goes on and the government gets richer they seem (the government and society) to forget about God. The bibles were taken out of our schools and what happened teen pregnancy, crime, violence, drug use and drug selling has increased a great deal. Children these days don't listen to or respect their parents or their elders but K-Love always has a positive message which can be very helpful to our young children growing up in a scary world. I would love to see K-Love expand ~~not~~ decrease. So many

love K-Love please don't take  
it away from them. May God  
Bless you and your families and  
if you don't already listen to  
K-Love in your area hey give it  
a try. I know you will love it  
the way my children ~~and~~ I do.

Thank you

Sincerely,

Michelle  
Scott

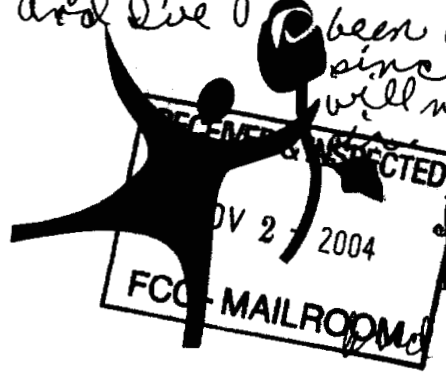

To whom It May Concern  
I'm not very good at  
writing letters. **DOCKET FILE COPY ROOM**  
this was important to write to  
uses. K-Love reaches so many  
people in so many areas. They  
have 4 preachers on staff 24 hrs  
a day. It uplifts people that are  
closed in and can't get out all the time.  
It's prayer for **WOOL ROOM** **RECEIVED & RESPECTED** **DOCKET FILE COPY ROOM** people that  
are suicidal. They don't care how  
many hours they have to pray and  
talk to a person in trouble. Children  
can listen to it. And there is never  
a bad word on their program. And  
for myself this last year has been very  
bad for me. But I hear a song like  
"Awesome God" and it lifts my spirit  
up. I started listening to K-Love about  
4 years ago at some friend's house.  
And I've been listening to it ever  
since. I pray that you  
will not take it off the  
air.

Yours Truly

DOCKET FILE COPY OF

RE: MB Docket No. 04-233

To Whom It May Concern:

I am very concerned about losing my K-Love signal which I hear on 88.9, 89.9 and 88.5 FM. K-Love Radio has made a very positive contribution to our family and community in Norman, Oklahoma. I believe that K-Love offers news, information, music and insights which are consistent with the moral, ethical and biblical values which many parents are making an effort to convey to our children in a very corrupt society. K-Love offers programming which is family friendly unlike the majority of stations which require "constant surveillance" due to inappropriate and unacceptable music lyrics, disgusting disc jockey commentary and liberal news. If K-Love were displaced by an LPFM broadcaster providing other programming it would be very discouraging in our community. We count on K-Love for integrity in broadcasting and encouragement to be stable followers of Jesus Christ in a very uncertain world. There are many listeners who will not take the time to write but who would agree with me that if you allow new LPFM stations to override the current FM translator service the FCC will be making a huge mistake. The FCC should also recognize that their actions will be leading to the further decline of our society. We would respectfully ask you to reconsider this issue and keep the K-Love signal strong throughout our country.

Sincerely,

FCC MAIL ROOM

Dear Carmen

An important issue affecting the future of K-LOVE and you is now being considered by the Federal Communications Commission (FCC).

The FCC has introduced a new broadcast service known as Low Power FM (LPFM). While these LPFM stations have been in existence for several years, the FCC is now proposing to expand this service in a way that would allow these new LPFM stations to take priority over current FM translator service. Many advocates of LPFM feel that there is little value in national or regional services such as K-LOVE, which is often heard on FM translators. Hundreds of thousands of people listen to K-LOVE on these FM translators. These translators could be forced off the air if the proposed rule changes are enacted and LPFM is given a priority over FM translator service, perhaps leaving you without your K-LOVE signal.

I need your help! The FCC is currently requesting public comment on this and other issues as part of their "Localism" campaign. Please register your comments using the following on-line address, exactly as shown: [http://gulfoss2.fcc.gov/prod/ecfs/upload\\_v2.cgi](http://gulfoss2.fcc.gov/prod/ecfs/upload_v2.cgi) (character between upload and v2 is an underscore - not a space). Electronic filings must include "04-233" in section 1, "Proceeding". Where you are asked for "Document Type," in section 12 choose "Comment." You may also write to the FCC, 445 12<sup>th</sup> Street SW, Washington, DC 20554. By letter, please reference "MB Docket No. 04-233."

It is important that you include the following three points in your comments to the FCC:

1. How K-LOVE serves you as a resident of the local community.
2. The effect on the local community if K-LOVE were to be displaced by an LPFM broadcaster providing other programming.
3. Why you believe that the service provided by K-LOVE is in the public interest.

*The window of opportunity for comments is very short as you can only make comments until November 1. Without your help, the K-LOVE signal, in many areas, serving hundreds of thousands of listeners, could be replaced by an LPFM which may not have the same family-friendly programming you have come to enjoy. You know that K-LOVE supports wholesome values and has a positive and encouraging impact on communities all across America. Please, send your comments to the FCC today to help preserve this service that you value. Let's continue to pray together that K-LOVE will not be forced off the air in any area we serve. Thank you for your help!*

To Whom It May Concern:

This letter is to let you know how I love listening to my morning shows on K-LOVE(94.3). The news segments and the music are very important to my daily start. The music is uplifting and positive and even when the days are gray I can have a GOOD day because of (94.3)K-LOVE's positive influence on my life.

The service provided by K-LOVE(94.3) is something that the public needs in this day of depressing and horrible music. The news is factual with no tone of judgement. The music is quality that my children can even listen too.

I can not imagine having another broadcaster in that slot - I have made K-LOVE(94.3) part of my daily routine since it came on the air. I know that others within my local community have also made K-LOVE(94.3) part of their routine. We need positive influences in this day of YUK. That's what America is about - freedom of speech - but someone needs to have good speech out there not just all the other stuff.

Thank you for your time.

Sincerely,

  
Cynthia L. Doering

RE: MB Docket No. 04-233

As a listener and supporter of K-Love Radio, Calvary Satellite Network, and KUPL Radio, these services should continue to be available to residents in Oregon. There are also many other Translated broadcasters that provide "positive" audio to our entire country. These stations offer uplifting music, promote good morals and family values, encouragement, and information to listeners to provide help and financial support to helping organizations such as Rescue Missions, Shoshanna's Hope, an Adoption Agency, Youth and other Assistance Organizations, announcements of local entertainment, and much more.

We believe that to allow LPFM service to displace Translator Broadcasters would not be in the best interests of the public. In a world that has little in the way of uplifting, positive, or encouraging input, these Translators offer these things, and more, to our citizens.

We would ask that in your review of this matter, that you carefully consider the above points, and allow the Translator Broadcasters to retain their position.

Respectfully,

*Loretta M. Tanner*

To Whom This May Concern

I am writing on behalf of K. Love Radio Station. I am a faithful listener everyday. I love the station. It brings people to receive the Lord as their Savior. They pray for people & help with their problems. It brings such joy & peace, and keeps us closer to the Lord everyday. It such a blessing with no commercials. The community would be lost. We love it and want it to stay on. Please  
Don't take it off the air.

I receive it on stations -

Kay Warfield

To Whom It May Concern:

This is in reference to "MB Docket No. 04-233". It has come to my attention that K-Love radio station might be forced off the air in my community. Well I decided to take some time to write you and express my thoughts and feelings to this issue. My wife and I love K-Love, we listen to it everyday!

K-Love serves me well!!! K-Love is very important to our family and our community. K-Love gives my family and I that balance we need in our daily lives. With all the filth out there, it's extremely hard to find good wholesome music to listen to.

K-Love is Christian friendly, encouraging, fun, and it's good entertainment for any age group. It's positive!!! People who have positive attitudes are least likely to commit crimes.

Good & positive values = Good & positive communities  
Plain and simple!

If K-Love was to be replaced?

If ~~K-Love~~ was replaced and taken away from my community it would be detrimental to our faith based community. We would ~~not~~ have much of a choice of music for children, and the community to listen to. Our ~~community would lose a radio station~~ that is positive.

~~And what is to replace K-Love? Another hip-hop or hard rock station?~~ Just what our community needs! Some overrated hip-hop "star" glorifying their rebellious nature.

Yes!

~~Maybe...~~ that is better?

Who needs Christian artists who perform positive messages about life and about how to really treat one another?

I believe K-Love serves the community well and it is in the community's interest to have them stay. How do you ask?

Simple really, and to put it simply. We must fight the good fight! Whether you believe it or not. Jesus is real and so is the devil.

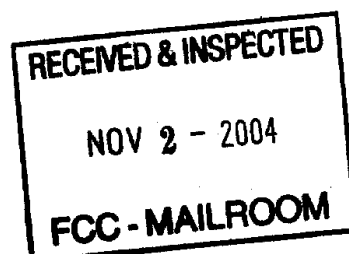

As Christians it is our responsibility to teach the gospel to others so that Jesus can save people. When the end times happen, the devil is counting on having a lot of people go with him. We have to prevent that as much as possible. The devil will use any tactic possible to deceive us. Remember the gospel of John 8:44, "...the father of all lies".

he will use corporations, special interest groups, and even the government. he will use anybody and anything to persecute us.

It is in the public interest to have K-Love because it could mean somebody's salvation. Maybe yours.

Well that is all I have to say and I appreciate and thank you for the time you took to read my letter in support of K-Love. Please take careful consideration on this issue. Kern Co. is known to be pretty conservative so please find it in our favor to let us keep K-Love in our community. The benefits are unimaginable!

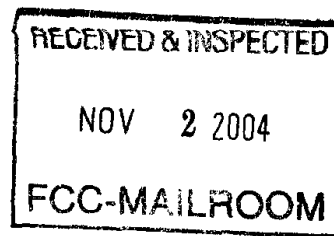

Sincerely Yours,  
-Daniel J Perez-

MB Docket No. 04-233

DOCKET FILE COPY ORIGINAL

Hello,

While I don't know a lot about how radio stations operate, I have been told that allowing LPFM stations to take priority over FM translator service could possibly disrupt, or even take over, our local KLove station. The KLove signal is already a little bit weak in my area but it is the only station that I will listen to. It is really hard to find radio stations, or even television for that matter, that makes it a point NOT to air what I consider to be vulgar content. Even the music on most stations has sexual content, or else they're singing about cheating on their spouse or drinking and drugs. Even the DJ's on most radio stations talk about material that is not really appropriate. I also think that we pay our educators to tell our children about the ill effects of alcohol, drugs and the dangers of getting a sexually transmitted disease or an unwanted pregnancy.

So then, I wonder why we turn right around and let our kids listen to music and people, on the radio and television, who tell them the exact opposite of what we are PAYING our educators to teach them. I listen to KLove because I know that I don't have to worry about what my kids will hear from that station. I don't want to hear anything indecent either. I know that I'm not the only one in my community and the surrounding area that listens to KLove exclusively. The chances are good that IF an LPFM station were to take over the KLove frequency, the people running the station would not have the the outstanding moral values that the KLove community has come to expect from their radio station. In fact, I believe that just the opposite would be true.

KLove also donates time and money to needy organizations and people around the world. They also have people that can be reached 24 hours a day to help provide emotional support for people in times of trouble. I believe that they can also put people in touch with counselors in times of need. What are the odds that a LPFM station would do that?

I ask that you give serious consideration to what I've written. I have also been told that for every person that takes the time to write a comment like this, that there are 100 more people who feel the same way, that didn't take the the time to write. Although my numbers might not be accurate, I'm sure that you have the resources to find out the actual figures.

Thank you for your time,

Jimmy Parris

To Whom It May Concern:

I just heard that ~~the~~ the F.C.C. is saying that you need some new type of equipment to be on the air. Now is that really necessary, people in such a position as you should be able to see it isn't needed. This new regulation is going to shutdown many Christian radio stations along with K-Love. K-Love is many peoples favorite Christian radio station. If you are a believer in God then you can see how this will affect Christians. It is one of the only stations that plays Christian music. If you don't believe in God then just consider how it would make you look if you took the only Christian radio stations off the air. Just remember that many people in America are believers of God.

Sincerely,  
Tristian Adrian Escobedo Garcia

To whom it may concern,

I am very troubled to hear of the possibility that my radio station, K-LOVE 108.7 here in Sherwood may be forced off the air due to MB Docket No. 04-233.

K-LOVE has been my first choice in radio stations since I moved here eleven years ago. I'm uplifted by the music I hear and learn about concerts that I may want to attend in the area.

If other programming were offered by an LPFM broadcaster, many people in my community - myself included - would not be able to find a suitable replacement for K-LOVE. No other station has the unique format that we currently enjoy.

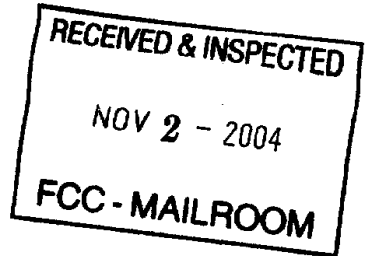

No. of Copies rec'd  
List ABOVE

I believe K-LOVE should remain on the air because the music and radio spots they play give people encouragement, hope, pointers on marriage and childrearing, and objective news reporting. I

truly can not think of another  
radio station that is serving  
the public better than K-LOVE.  
It is certainly best for the  
interest of us all if it remains  
on the air.

Dear Sir or Madam:

This is in reference to MB Docket # 04-233.

In the Ardmore, Oklahoma area, we receive K-Love on 89.1 through a FM Translator.

If K-Love were forced off the air by low power FM this would be big loss to this area.

Many of us give financial support to K-Love and believe this would be a great loss to the community to lose the K-Love station. There are very few radio stations that have this quality of programming in our area.

Sincerely,

RE: MB Docket No. 04-233

To Whom It May Concern:

I am writing to request that you not allow LPFM stations to take priority over current FM translator service.

K-Love is heard over FM translators and is the only station I listen to. I can hardly express in a brief letter all that K-Love does. The prayers, the encouraging words, and the music are so uplifting and give me and many others the hope we need to get through another day.

K-Love could be forced off the air if LPFM is given priority over FM translator service. I believe keeping K-LOVE in service is in the public's best interest because we are bombarded with so much bad news and foulness every day. We need K-love to balance this out and communicate the good news of Jesus Christ.

Sincerely,  
  
Carol Anderson

While the information I have on LPFM's is not complete, it is my understanding that giving them priority over current FM translator service would be a possible outcome. I would not be in favor of such a change.

As a listener to K-LOVE on many different stations while driving in my car and, at work, in my truck I get inspiration as well as information which enables me to grow as a responsible and compassionate individual, husband, father, and contributor to a society in which all people are given rights and respect.

K-LOVE is the only station (network) which provides this type of service wherever I go. To break the chain of programming as I drive out of one station's range into another would be a loss of the guaranteed "positive and encouraging" programming I can't get on any other "network" of stations. Breaking the chain would, I believe, take away my choice to listen to programming which would have the effectiveness for me which K-LOVE does. I know by financial support, testimonials, and bumper stickers that there

happier...

all because of you.

KLOVE provides a great service to  
Greater Cincinnati for people needing  
positive, encouraging music and  
broadcasters.

Thank you for your attention to  
this serious matter.

Debbie Skiles

(yes, stemmier.)

As with the May Concern, this is to address your "Vocalism" campaign specifically the expansion of L-FM stations. I listed to KLOVE radio station on 104.3 in the Greater Cincinnati market and financially ~~not~~ support this station's broadcast. KLOVE's service to the community minister to its listeners 24/7. If KLOVE were displaced the only alternative would be nothing that would offer listeners commercial free Christian music. KLOVE provides a tremendous service to the public. Many people, myself included, have contacted the radio station for prayer needs and concerns. It would've never come to mind to do this had it not been for the encouragement of the local broadcast.
